

May 20, 2017

I just want to thank everyone who were involved with this event. This whole experience have changed my life. I went from almost having to complete 10 days in jail, to 6 days of STS, to completing 4 hours of community service for driving without insurance. Everyone treated me with respect and was very helpful. This is the best event that I've been to in a while. Programs like this help the community. I will be volunteering on the next event. This was just so amazing!

THANKS!
